

Tekniset tiedot

CSAPB Black connector screws

SIMPSON

Strong-Tie

CSAPB connector screw is developed for mounting of steel connectors to timber. The conical head secures fully contact to the connector which increases the transfer of force. A fixed connection with larger cross-bearing capacity than for standard screws is obtained. The torx helps to fix the screw during insertion.

Ominaisuudet

Materiaali

- Teräslaatu:
Hiiliteräs
- Korroosiosuoja:
N. 20 µm sinkkikerros

Hyödyt

- Black colour for more discretion
- The thread is developed for timber and ensures a light and quick running into the timber
- The timber does not crack
- The conical shape under the head allow a full contact of the screw with the hole
- T20 bit

Sovellus

Sovellus

- Kiinnikkeiden kiinnitys puuhun

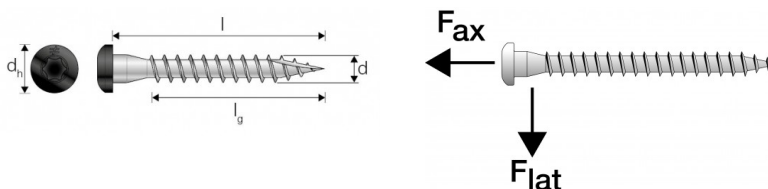

Käyttötarkoitus

- Kulmalevyt
- Palkkikenkä
- Sidevanne
