

PBWS-PB

Design Series Post Base

Post bases are used to fix timber posts to the ground and lift the timber from the ground to protect it from water. PBWS-PB post bases can be cast in cement or, if you have an existing concrete foundation, you can drill a hole and fix the post base with concrete adhesive.

Ominaisuudet

Features

- Powder coated RAL9005
- Can be installed with CSA-PB, SSH-PB or SSF-PB
- Patented folded design (light but very strong)
