Screws for hard wood deck on soft joist

Quick Drive® screw SSDHPD A2 is an efficient and fast solution for screwing hardwood deck boards on soft joist.

Features

Material

- 305 Stainless steel.

Benefits

- Paddle point to penetrate the hardest wood products without predrilling (density $<800\text{kg/m}^3$)
- Compact cap head ensures a low-profile installation and reduced visibility
- Wings on the shaft counter-bore hard material and allow the head to countersink for a clean look
- Bit (BIT2S) included
- Collated to be used with Quick Drive® system for a comfortable and efficient use.

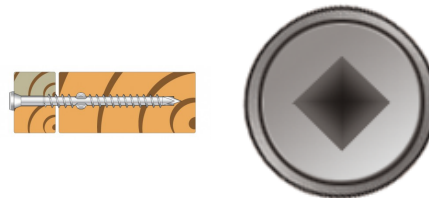

Applications

Header member

- Wood to wood.

Applications

- Exotic/hard wood deck board on soft joist.
