

## SSDHSD SSDHSD HARDWOOD-DECKING Screw

SSDHSD is a stainless steel screw with a ribbed head and drill point tip suitable for hardwood decking installation.

### Features

#### Material

- 305 stainless steel A2

#### Benefits

- Paddle point to penetrate the hardest wood products without predrilling
- Compact cap head ensures a low-profile installation and reduced visibility
- Wings on the shaft counter-bore hard material and allow the head to countersink for a clean look
- Hardwood decking applications
- Tapered point for effortless driving without pre-drilling
- Countersunk head with ribs
- Fine thread helps pull the deckboard tight against the structure
- Suitable for external use
- Bit (BIT2SE) included

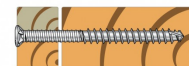

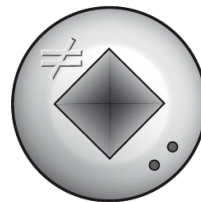

### Applications

#### Header member

- Hard wood deck on hardwood joist (without pre-drill)

#### Applications

- Hardwood/tropical timber
