

## Technical data sheet

**SIMPSON**

**Strong-Tie**

DTHQ

### Trim Head Decking Screw

*The DTHQ is a trim head screw with coarse thread suitable for timber to timber applications such as decking. It has a Type 17 point which eliminates the need for pre-drilling and reduces the installation torque. The trim head provides a neat finish when countersunk into the timber and the Quik Guard® coating allows the screw to be used in external environments.*

## Features

### Material

**Steel - Quik Guard® coating**

### Benefits

- Type 17 point for faster, straighter drilling and reduced insertion torque
- Counter sunk trim head for a neater finish
- Coarse thread
- Quik Guard coating prevents rust staining and prolongs life, even outdoors
- Driver bits included (BIT2SUE)

## Applications

### Common Applications

- Decking
- Timber to timber

**BIT2SUE**
