

## Technical data sheet

**SIMPSON**

**Strong-Tie**

DSPROA2

**DSPROA2 A2 stainless steel hardwood decking screws**

*The popular DSPRO hardwood decking screw is now also available in A2 stainless steel. The screw offers a powerful fastening solution for hardwood decking such as ipé, cumaro, bankirai and others.*

*The screw is designed to resist movement of the deck, with a small head for a more professional finish and an additional thread to better pull the deck boards to the joist, creating a firm assembly.*

*Pre-drilling with the Simpson Strong-Tie 3,9 mm DBWOODDSPRO pre-drilling tool is recommended.*

## Features

### Features

- T-25 6 lobe drive
- Double thread
- Chisel point

## Applications

### Application

- Hardwood decking boards to wood
