

Technical data sheet

SIMPSON

Strong-Tie

AKRS

AKR stainless steel bracket

These brackets allow optimum connection between wood and other building materials such as concrete and steel. This is an economic connections that can be used in many areas. AKR and AKR-L will vary screw hole.

Features

Material

Steel quality:

- **Stainless Steel 1.4401 bzw. 1.4404 (V4A) in accordance with EN10088 standards.**
- **Class III corrosion resistance**

Benefits

- **Many uses of the beams to the columns may be used for partial or complete nailing.**

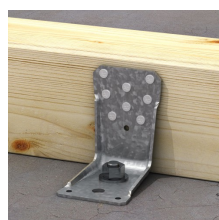

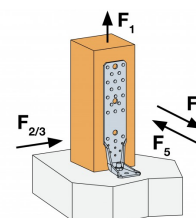

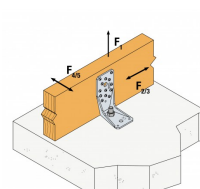

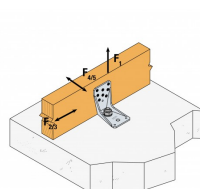

Applications

Applicatons

Concrete, steel

Scope

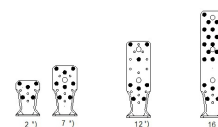

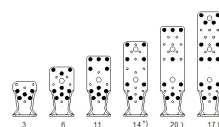

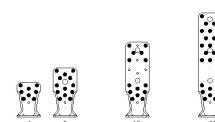

- **These brackets allow optimum connection between wood and other building materials such as concrete and steel.**

Fixation poutre sur dalle béton

Fixation d'équerre renforcée pour ossature bois avec SDS

Technical Data

Product Dimensions

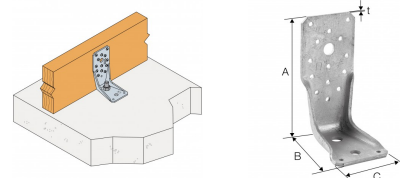

Table "Product Dimensions" cannot be displayed : no references available.

Capacities: Fullnailing

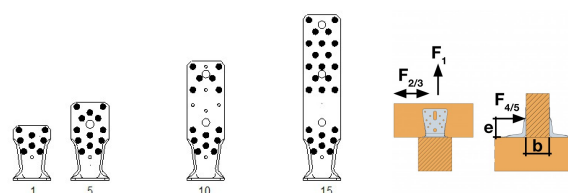

Table "Capacities: Fullnailing" cannot be displayed : no references available.

Capacities: Partnailing

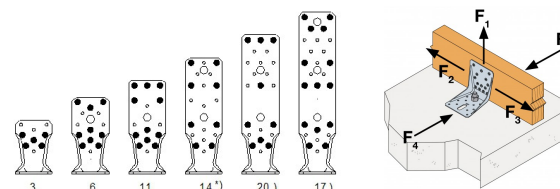

Table "Capacities: Partnailing" cannot be displayed : no references available.

Capacities: Post connection

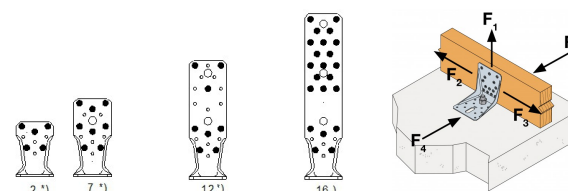

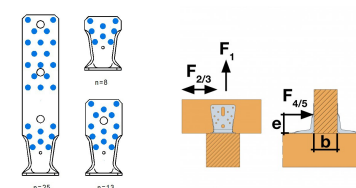

Table "Capacities: Post connection" cannot be displayed : no references available.

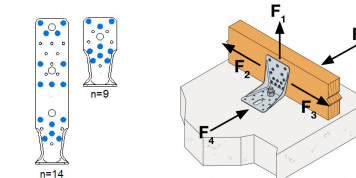

Simplified characteristic capacities - Wood to concrete - Full nailing - 1 bracket per connection

All holes filled.

Table "Simplified characteristic capacities - Wood to concrete - Full nailing - 1 bracket per connection" cannot be displayed : no references available.

Simplified characteristic capacities - Wood to concrete - Partial nailing - 1 bracket per connection

Partial nailing

Table "Simplified characteristic capacities - Wood to concrete - Partial nailing - 1 bracket per connection" cannot be displayed : no references available.

AKRS
AKR stainless steel bracket

Simplified characteristic capacities - Post mounting to concrete
- 1 bracket per connection

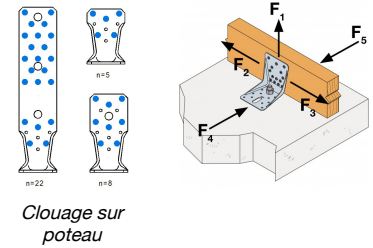

Table "Simplified characteristic capacities - Post mounting to concrete - 1 bracket per connection" cannot be displayed : no references available.
