Design Series Connector Screws - Impreg® + Paint in Black

SIMPSON

Strong-Tie

CSA connector screw is developed for mounting of steel connectors to timber. The conical head secures fully contact to the connector which increases the transfer of force. A fixed connection with larger cross-bearing capacity than for standard screws is obtained. The torx helps to fix the screw during insertion. The black painted head ensure aesthetic finish with Design series connectors

Características

Material

- Steel quality: Carbon steel
- Corrosion protection: Impreg®+
- Black painted head

Torx

- Torx 20 bit

Aplicações

When to use

- Fixing of black connectors from Design Series
- Black Joisthanger

Assemblies

Main beam / Secondary beam: solid wood, composite lumber, glued laminated wood
